#### CITY OF BLACK DIAMOND UTILITY RATES & INFORMATION 2024

The City of Black Diamond services water, sewer, and stormwater utilities. Water meters are read approximately 1 week prior to the end of each month. Bills containing water, sewer, and stormwater charges are combined and sent out on the first day of the following month.

#### Water

For Single Family Residential Customers, the water rate is determined by the size of the water meter plus water consumption. Water consumption is measured in volume based on one hundred cubic feet.

Meter size	Base Monthly Charge	Lifeline Discount
5/8" and 3/4"	\$35.63	50% = (\$17.82)
1"	\$45.05	50% = (\$22.53)
1½"	\$48.59	, ,
2"	\$84.80	
3"	\$102.89	
4"	\$193.22	
6"	\$499.96	

\*For Multiple Residential Customers, such as manufactured home parks, apartments or other multi-family residential structures connected to a single meter, as well Commercial Customers with multiple units with a single water meter, each permitted unit will be charged a base monthly charge. Along with this monthly charge, each unit will receive a full water consumption allotment.

Water Consumption	Rate per 100 cu. ft.	Lifeline Discount per cu. Ft.
0 – 600	\$2.76	50% = (\$1.38)
601 – 1,200	\$3.17	50% = (\$1.59)
Over 1,200	\$3.65	50% = (\$1.83)

Commercial Customers will receive an additional \$13.00 per unit charge for multiple units attached to a single meter.

#### King County Sewer (Metro)

King County charges each agency a monthly amount for providing wastewater treatment. That amount is based on King County's monthly sewer rate and the number of customers served by the local agency. In turn, the local agencies pass along those charges to the residences, businesses, and industries in their wastewater collection system.

Sewer Type	Monthly Charge	Lifeline Discount
King County	\$55.11	(No Discount)

\*King County applies an <u>additional</u> \$55.11 flat charge to Residential customers for each <u>additional</u> dwelling unit, such as a mobile home or apartment unit.

\*King County applies an additional consumption charge to Commercial customers for all usage exceeding 750 cubic feet at \$9.00 per 100 cu. ft.

#### **Stormwater**

Stormwater rate will be billed monthly to each parcel of improved property within the City. The rate is based on service charges for the stormwater and surface water management utility. Some properties are billed directly through King County, while others are billed through the City of Black Diamond. If you do not see "Stormwater" on your utility bill, the charge is included in your property tax from King County, shown as 'Surface Water".

Single Family Residential Customers are 1 ERU  $\frac{\text{Monthly charge}}{\$19.50 \text{ per ERU}}$   $\frac{\text{Lifeline Discount}}{50\% = (\$9.75) \text{ per ERU}}$  Multiple Residential Customers up to 4 ERUs \$19.50 per ERU \$0% = (\$9.75) per ERU
