MCAG 0379 City of Black Diamond Notes to Financial Statements December 31, 2018

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Black Diamond was incorporated in February 1959 and operates under the laws of the State of Washington applicable to a non-charter Code City in 1990 with a Mayor-Council form of government. The City is a general-purpose government and provides a broad range of general government services including a law enforcement, planning and community development, street maintenance and improvements, parks and recreation, public works, and general administrative services. Fire services are provided through a partnership with Mountain View Fire and Rescue. In addition, the City owns and operates water, sewer and storm water utility systems. The City uses single-entry, cash basis accounting which is a departure from Generally Accepted Accounting Principles (GAAP).

The City of Black Diamond reports financial activity in accordance with the *Cash Basis Budgeting*, *Accounting*, *and Reporting System* (BARS) Manual prescribed by the State Auditor's Office under the authority of Washington State law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Component units are required to be disclosed December 31,201 but are not included in the financial statements.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- The *Schedule of Liabilities* is required to be presented with the financial statements as supplementary information.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the City of Black Diamond are reported in individual funds. Each fund uses a separate set of self-balancing accounts that comprises its cash and investments, revenues and

expenditures. The City's resources are allocated to and accounted for in individual funds depending on their intended purpose. Each fund type is reported as a separate column in the financial statements, except for fiduciary funds, which are presented by fund types. The total column is presented as "memo only" because any interfund activities are not eliminated. The following fund types are used by the City of Black Diamond:

GOVERNMENTAL FUND TYPES:

General Fund

This fund is the primary operating fund of the City of Black Diamond. It accounts for all financial resources except those required or elected to be accounted for in another fund.

Special Revenue Funds

These funds account for specific revenue sources that are restricted or committed to expenditures for specified purposes of the City of Black Diamond.

Capital Projects Funds

These funds account for financial resources which are restricted, committed, or assigned for the acquisition or construction of capital facilities or other capital assets.

PROPRIETARY FUND TYPES:

Enterprise Funds

Internal Service Funds

E. Compensated Absences

16-19	Years	21	252 hours
Over	20 Years	24	288 hours

^{*}The Mayor may adjust maximum accruals during periods when staff are unable to take a leave time due to unforeseen circumstances.

Sick leave for regular employees may be accumulated up to 1040 hours. Upon separation or retirement non-commissioned employees are compensated for unused sick leave as follows:

SICK LEAVE

1-5 Year	10%
6-12 Year	20%
13-20 Year	30%

Sick leave for retiring Police Officers Association employees is cashed out at 25% of accumulated hours at their current rate of pay if their LEOFF plan requirements are fulfilled. Comp time is overtime compensated for in time off rather than overtime pay. It can be accrued by non-exempt employees up to 40 hours at any given time. Any balance of comp time hours remaining at separation or retirement is paid at 100%.

An Executive Leave Bank of 40 hours per year was granted to exempt employees in 2018, due to workload increases. This leave is not carried over at year end.

The following table illustrates the potential total liability if all compensated absences were paid as of December 31, 2018. The total includes the liability costs of required taxes. The total of \$257,702 represents a \$24,344 decrease from 2017. Compensated absence liabilities are shown in the following chart and on Schedule 9.

LEOFF Plan 2

The City of Black Diamond also participates in the LEOFF Plan 2. The Legislature, by means of a special funding arrangement, appropriates money from the state general fund to supplement the current service liability and fund the prior service costs of Plan 2 in accordance with the recommendations of the Pension Funding Council and the LEOFF

Plan 2 Retirement Board. This special funding situation is not mandated by the state constitution and could be changed by statute.

Note 7. Risk Management

The City of Black Diamond is a member of the Association of Washington Cities Risk Management Service Agency (AWC RMSA). Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC RMSA was formed on January 1, 1989, when 32 municipalities in the State of Washington joined by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of December 31, 2018, 100 municipalities/entities participate in the AWC RMSA pool.

The AWC RMSA allows members to establish a program of joint insurance and provides risk management services to all members. All coverages, with the exception of pollution liability, are on an occurrence basis. The AWC RMSA provides all risk property, comprehensive crime, general liability, automobile liability, police liability, public officials' liability, employee fidelity and faithful performance, pollution liability, cyber liability, and equipment breakdown insurance coverage. Equipment breakdown is included with the property insurance carrier and fidelity (crime), pollution liability, and cyber liability coverages are stand-alone policies, which the AWC RMSA procures for its members. The AWC RMSA also allows members with airports to group purchase airport liability coverage.

Members pay an annual assessment to the AWC RMSA. The AWC RMSA is responsible for payment of all covered causes of loss against the jurisdiction above the stated retention. All members in the AWC RMSA have \$15 million in both per occurrence and aggregate liability limits. For the first \$1 million in liability limits, AWC RMSA is self-insured for its Self-Insured Retention (SIR) of \$250,000, per occurrence, and is reinsured by Berkley Public Entity for the additional \$750,000. The \$9 million in excess liability coverage limits is provided through an excess liability policy purchased from Argonaut Insurance Company. The \$5 million in excess liability coverage limits above the first layer of excess coverage is purchased from Allied World National Assurance Company. Since AWC RMSA is a cooperative program, there is joint liability among the participating members. The excess property coverage is purchased through Lexington Insurance Company and in 2018, AWC RMSA carried a retention of \$100,000 and limits up to \$250 million. All commercial policies have been purchased through the Pool's Broker of Record, Aon.

Members contract to remain in the AWC RMSA pool for a minimum of one year and must give a one-year notice before terminating participation. Even after termination, a member is still responsible for contributions to the Pool for any unresolved, unreported, and in-process claims for the period they were signatory to the Interlocal Governmental Agreement.

The AWC RMSA establishes a loss fund for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses.

In accordance with WAC 200.100.02023, the AWC RMSA is governed by a board of directors, which is comprised of elected officials of participating members.

Note 8. Other Disclosures

EXTRAORDINARY LEGAL COSTS

During 2018 the City of Black Diamond paid \$48,722.79 in extraordinary legal costs from its General Fund Plus \$58,000 in the final settlement costs. These legal costs were incurred in defending the City against an unusually complex Superior Court lawsuit brought by a developer alleging numerous violations of the Open Public Meetings Act (OPMA) by three individual Councilmembers during 2016 and 2017. The individual Councilmembers (now former Councilmembers) cross-claimed against the City for defense costs and indemnification, and the City cross-claimed against the individual Councilmembers for contribution and indemnification. The OPMA lawsuit was eventually settled at a mediation occurring in January 2018, and the resulting settlement agreement was approved by the City Council at their meeting of February 1, 2018 to pay the partially reimbursement of their defense costs in the amount of \$58,000.
