

Cannabis Restricted Entities in Black Diamond

Per RCW 69.50.331(8), the Washington State Liquor and Cannabis Board shall not issue a new cannabis license if the proposed licensed building is within one thousand feet of the following entities: Elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, library, game arcade (where admission is not restricted to persons age twenty on or older). The distance will be measured as the shortest straight line between the property line of the potential location to the property line of the grounds of the restricted entity.

Recent legislation allows local governments to reduce the 1,000 foot buffer to 100 feet around all entities except elementary and secondary schools.
